CELL PHONE POLICY STUDENT/PARENT AGREEMENT

In order to help us regulate the use of cell phones during the school day, we are asking for your help. Please read and discuss the policy listed below with your child. Make sure he/she understands the consequences we have set in place for choosing to disregard the policy, then sign, date and return this paper.

Students may not use or carry their cell phones during school hours. Once a student has been officially dismissed, cell phone use is permitted on an as-needed basis. If a student chooses to use a cell phone during school hours, the following measures will be taken. Parents who need to reach their child during the school day should call the school office.

First Offense

Cell phones will be turned in to the office and kept for 24 hours. After 24 hours, the *parent or guardian* may retrieve the cell phone. An agreement will be signed understanding the next offense is keeping the phone for one week.

Second Offense

Cell phones will be turned in to the office and kept for one calendar week. Parents will be notified by the school administration. After one week, the *parent or guardian* may retrieve the cell phone.

Additional Offenses

Consequences will escalate as determined by the administration.

Your signature below indicates you have read and discussed this policy with each other and are aware of the consequences for disregarding this policy.
